## TWENTY-FIVE THOUSAND MORE TROOPS

### To Be Sent at Once to the Border

### ARRIVALS AT EL PASO SAY MEXICO CITY IS ON THE VERGE OF ANARCHY

(Associated Press)

Washington, Aug. 12.—Twenty-five thousand more state troops have been ordered to the border by the war department. All the Kentucky, Ohio and Vermont guardsmen have been ordered to move as soon as equipped.

#### ON THE VERGE OF ANARCHY

El Paso, Aug. 12.—Conditions in Mexico City are bordering on anarchy because of a food shortage, say arrivals from the capital. It is said rioters have seized the electric light and power plant outside the city and as a result there was no street car service or lights in the city the week before parties arriving here today left. Peons at the railway stations beg for scraps of bread.

## HAMPSHIRE HOGS

Movement Well Under Way to Make this Excellent Breed Preferred in Marion

R. W. Blacklock, county demonstration agent, is today ordering 46 head of Hampshire hogs, through the National Hampshire association, as a starter in the movement to make Marion county famous for this breed. Thus far 23 boys have agreed to take hogs under the plan promoted by the banks of the county. The hogs will be paid for out of the \$1,000 fund provided by the banks, and each boy will make his note to pay for the hog in 12 months. Besides the boys 23 farmers are getting Hampshires through Mr. Blacklock. The McClan farms are getting 15 head. Mr. Blacklock expects to order more hogs later by wire, as he has yet to see many of the farmers, and has not yet heard from all of the boys. Many of the farmers have declared their intention of purchasing young pigs from the boys, and this will enable the boys to pay for their hogs.

Among the farmers who have said they would adopt the Hampshire breed are: Z. C. Chambliss, Edwards Brothers, Louis R. Chazal & Sons Co., S. T. Sistrunk, F. K. Vandervort and E. B. Greene, Ocala; E. M. Osborne and McKay Brothers, Morriston; Walter Ray, Martel; H. J. Hall, Lowell; N. A. Harrison, Oklawaha; H. A. Meadows, Anthony.

Following is a list of boys who have agreed to purchase hogs:

Blake Blair, George Blowers, Charlie Liddon, Van Liddon, Marshall Carn, E. B. Greene, Randolph Mathews, Ocala; Lynn Feaster, Micanopy; Loris Hall, William Swilley, Lowell; Allie Hough, Eugene Livingston, Marvinne Livingston, Kendrick; Lawton Martin, Electra; Adin Moon, Dunnellon; Vernon Neil, Clyde Seckinger, Martel; Porter Young, John D. Hemphill, Juliette; A. P. Meadows, Anthony; George Parker, Leroy; John Martin, Moss Bluff; Frank Smedley, Joseph Smedley, Santos.

The following farmers have ordered Hampshires: Z. C. Chambliss, fine boar; Ocala; N. W. Harrison, boar and one sow, Oklawaha; J. D. Young, 15 head, McClan Farms; A. E. Ashworth, one sow, Belleview; Blowers Lime Co., boar and two sons, Ocala.

## FEDERAL MEDIATION BOARD HAS FAILED

### PERSONAL INFLUENCE OF PRESIDENT ONLY THING THAT CAN AVERT A STRIKE

(Associated Press)

New York, Aug. 12.—The final effort of the federal mediation board to settle the differences between the railroads and four hundred thousand employees through mediation has failed. The mediators proposed to the brotherhoods a new form of arbitration. Should the men refuse to accept the proposals, the only apparent hope to avert a strike lies in personal intervention by President Wilson. The brotherhood chiefs have the mediators' proposal under consideration. The terms of the proposal have not been made public.

#### MEN WILL DECIDE TOMORROW

The brotherhood representatives announced this afternoon they would not decide on the proposal today, but would tomorrow.

#### PRESIDENT IS INTERESTED

Washington, August 12.—President Wilson, in communication by telephone with the federal mediators at New York, asked that he be informed if a strike was imminent. The president told the mediators that a strike must be avoided and if a deadlock was reached he would like the opportunity to talk to representatives of both sides.

## EPIDEMIC INCREASES

#### MRS. J. A. HAMPTON

A telegram received yesterday afternoon from Mr. H. M. Hampton at Asheville, N. C., said that his mother had died in Floral City, and that his baby was critically ill. Mr. Hampton had just reached Asheville. His wife read as follows:

H. M. Hampton.

#### RECOUNT OF VOTES IN THE SHERIFF RACE

Judge Bullock has ordered a recount of votes in the contest of the sheriff's race in this county. The recount will be made in the precincts in which it is alleged that errors were made, and it is probable that before the contest is decided a recount will be made in all precincts. Judge Bullock ordered a recount yesterday, following arguments made by attorneys for Sheriff J. P. Galloway and Frank Adams, and to do the counting the court appointed J. J. Gerig, Stephen Jewett and Charles H. Lloyd. It was found that Mr. Lloyd would not be able to serve, and the judge appointed Ernest J. Crook to take Mr. Lloyd's place. It is ordered that the count begin by next Wednesday.

## SHREVEPORT CASE HAS BEEN SETTLED

### Rates from the Louisiana City to Texas Declared Not to be Reasonable

(Associated Press)

Washington, Aug. 12.—The famous Shreveport rate case has been settled by the Interstate Commerce Commission in a decision declaring the rates to Shreveport from Texas are unreasonable. The principle of state regulation of rates became involved when the action of the Texas commission in raising charges on freight destined for Shreveport was attacked.

## BOARD OF TRADE

### Small Attendance But Much Business Transacted at Friday Night's Meeting

There was a very small attendance at the regular meeting of the board of trade last night. A number of important matters were disposed of, however. The board will remain in its present quarters until August 1, 1917. Jacksonville was unanimously endorsed as a location for one of the twelve federal farm loan banks. The board is working with a view to bringing to Ocala the proposed \$100,000 state Masonic home.

L. R. Trammell, secretary of the board, will co-operate with the Wesley Bible class of the Methodist church in making arrangements for their convention to be held here October 10-11-12, of this year. Delegates will be named to attend the meeting of the retail division of the South Florida Chamber of Commerce, to be held in Tampa August 31. The by-laws of the board were amended, changing the regular monthly meeting night from the second Wednesday to the second Friday night of each month. A resolution was adopted providing for co-operation with the fruit growers an truckers in an effort to secure a reduction in freight rate classification on power sprayers and other implements and farm tools. S. P. Hollinrake reported that he had taken up with the railroads the matter of making tourist rates to Ocala and Silver Springs, and he stated that the rates would be established. Mr. Trammell stated that he had undertaken to secure reduced railroad rates to the Wesley Bible class convention.

A suggestion was made at the meeting that an investigation be made at the meeting that an investigation be made looking to the city's issuing industrial bonds.

Besides ceiling fans of generous sweep to keep cool its patrons the proprietors of the Ocala House luncheon rooms have installed an immense ventilation cupola in the rear roof of the place which not only carries off all the fumes from the kitchen, but also makes the place cooler by many degrees. Their first Sunday feature will be pulled off tomorrow when they will serve a big chicken dinner for 50 cents. This will be a welcome announcement to many Ocalans who dread the preparation of a Sunday dinner, as nearly all the domestic servants insist upon having a "day off."

## WANTS A WHITE WAY

### Secretary Trammell Thinks Nocturnal Visitors Should Ride Up Town Thru Brilliantly Lighted Streets

A "white way" for Ocala is being advocated by L. R. Trammell, secretary of the board of trade. He took the matter up with the board of governors of the commercial organization at its meeting yesterday afternoon, and the plan was thought well of. No action was taken, pending the gathering of further information as to costs. Mr. Trammell thinks that a "white way" would add greatly to the attractiveness of the city. He has in mind single light standards of an artistic design. Just as soon as he has obtained all necessary data, he will make an effort to bring the improvement about.

#### A SPLENDID AD.

A "white way" from the union station up to the square, for example, would be a splendid advertisement for the city, in giving travelers a good first impression.

#### AN EXTENSION ON THE LIMIT
